ODOR CONTROL TECHNOLOGY

Eliminate Odors In Homes, Offices, and Schools

Odors in homes, offices and schools can be an annoying problem and even debilitating to some individuals. These odors can be caused by smoke, food, sewage, mold, stale air and many other sources. When these odors appear, a quick response is essential. Let BioWorld help maintain a pleasant environment in your home or facility with our BioWorld Odor Neutralizers, Liquid Optimizer Plus, foggers and accessories.

BioWorld Odor Neutralizer (BON Concentrate) is absolutely the best product available for neutralizing odors. BON is a completely safe and natural liquid formulation that eliminates offensive odors at the source. While many products only mask odors with strong scents, the BON technology neutralizes unpleasant odors making them undetectable to our sense of smell. BON can be appropriately diluted (2 – 10%) and fogged into the air or ventilation system using a Triple Nozzle Fogger, Noz-L-Jet Fogger, drum mounted fogger or industrial misting system. Any fogger can be set up with a repeat cycle timer to automate the frequency and duration of odor neutralizer application.

BioWorld Liquid Optimizer Plus is a unique **concentrate** bioenhancement liquid with added odor neutralizing compounds. Diluted Liquid Optimizer Plus (2 – 25%) can be sprayed directly onto organic matter in dumpsters and trash cans to help accelerate the degradation process while minimizing odors in the process.

BioWorld Advantages

- Unpleasant odors - making them undetectable Eliminate
- odors from homes, offices, classrooms, bathrooms, kitchens, lunch rooms, nurse's office, dumpsters, and trash cans.
- BON can be added to paints, solvents, cleaners and chemicals to eliminate harsh odors when maintenance, roofing, and flooring repair work is implemented.
- Environmentally safe, economical and easy to use.
- Cost effective – BON is concentrated which provides you with more product for your money.
- Equipment available for many applications for small, medium or large scale projects including custom designed industrial fogging systems.

Advanced BioTech

Developer of BioWorld Products

BioWorld clients have used a Triple Nozzle Fogger and BON-CC-41 to eliminate mild to severe odors (including harsh skunk and decomposition odor issues). Repeat cycle timers, turntables and customized misting systems are also available.

Industrial and Commercial Applications – Liquid Optimizer Plus

#55014 Liquid Optimizer Plus **Concentrate** 1 gallon

#55414 Liquid Optimizer Plus **Concentrate** 4 x 1 gallon case

#55064 Liquid Optimizer Plus **Concentrate** 6 gallon

Industrial and Commercial Applications – Foggers and BON

#F8026 Triple Nozzle

#F7087S Noz-L-Jet

#DT8246 Pow-R-Fog Plus

#PN8322 Repeat Cycle Timer

120V
