SHOPPING CENTER ODOR CASE STUDY

Project Situation

A mid-west shopping center faced an emergency odor problem of unknown origin. The management company contacted BioWorld looking for an immediate answer to get rid of the odor. BioWorld recommended a simple and cost effective solution. A Triple Nozzle Fogger and Odor Neutralizer were purchased and shipped overnight.

Products/Technology Used

#41014 BioWorld Odor Neutralizer BON-CC-41 Concentrate
#F8026 Triple Nozzle Fogger

Results

The fogger with diluted BON was set up and used in the area with odors. After a short time, the odors were completely eliminated with the environmentally safe BON. On-going use on an as needed basis has continued to keep odors to a minimum. The management company was thrilled with the outcome and effectiveness of the fogger and BON.
