Benefits when using BioWorld Odor Neutralizers and The Pet Beverage:

- Eliminate pet odors inside and outside of kennels.
- Eliminate pet odors in your home, car, truck, RV.
- Equipment available for large kennel applications.
- Neutralize most odors associated with pet care.
- Pet maintenance is more pleasurable.
- Promote healthy, soft, shiny coat.
- Grooming expenses may be lower.
- Less odors means fewer flies around the area.
- Save money on kitty litter box supplies.
- Lessen or eliminate lawn burn / brown spots in pet areas.
- Environmentally safe, economical and easy to use.
- 100 % all natural, odorless and tasteless product.
- Safe for pets of all ages - newborn to very old.
- Cost effective – BON is concentrated which provides you with more product for your money.
- Equipment available for many applications for small, medium or large scale projects including custom designed industrial fogging systems.

Pet owners who seek kennel board for their pets look for a facility that cares about cleanliness and an odor free environment. Let BioWorld help your kennel maintain a pleasant environment with our BioWorld Liquid Optimizer Plus, odor neutralizers, foggers and accessories.

BioWorld Liquid Optimizer Plus is a unique **concentrate** bioenhancement liquid with added odor neutralizing compounds. Diluted Liquid Optimizer Plus can be sprayed directly onto organic matter to control odors in areas where animals are housed without harm to the animals. Product is applied with a tank sprayer to concrete and soil areas to control odors from urine and feces.

BioWorld Odor Neutralizer (BON Concentrate) is absolutely the best product available for neutralizing odors. BON is a completely safe and natural liquid formulation that eliminates offensive odors at the source. While many products only mask odors with strong scents, the

Advanced BioTech

Developer of MultiFIX™ and BioWorld Products™

BON technology neutralizes unpleasant odors making them undetectable to our sense of smell. BON can be appropriately diluted (2 – 10%) and fogged into the air or ventilation system using a Triple Nozzle Fogger, Noz-L-Jet Fogger, drum mounted fogger or industrial misting system. Any fogger can be set up with a repeat cycle timer to automate the frequency and duration of odor neutralizer application.

The Pet Beverage from BioWorld takes care of pet and large animal odor problems - from the inside out. The Pet Beverage is all natural, totally safe and is easily added to the water or food dish. When used consistently, the pet odors are significantly reduced or completely eliminated. We are very excited about our proven technology for animal odor control. The feedback from our customers has been outstanding with a high percentage of re-orders.
