ODOR CONTROL TECHNOLOGY For City & County Government Dumpster Odor Cleanup

BioWorld Advantages

- Unpleasant odors - making them undetectable
- Concentrated odor-neutralizing - eliminates a variety of odors.
- Economical and easy to use.
- Environmentally safe.
- Cost effective – BON is **concentrated** which provides you with more product for your money.
- Equipment available for many applications.

What it is

BioWorld Liquid Optimizer Plus is a unique **concentrate** bioenhancement liquid with added odor neutralizing compounds. Diluted Liquid Optimizer Plus (2 – 25%) can be sprayed directly onto organic matter to help accelerate the degradation process while minimizing odors in the process.

What it Does

- Eliminates airborne or surface odors from almost any cause including:
- Dumpsters. ○ Trash Cans. ○ Garbage Truck/Equipment Odors. ○ Compost Stockpiles. ○ Street sweeping dump areas. ○ Truck/Car wash bay areas. ○ Paints and solvents. ○ BON is used as a key component in a **low odor, low VOC** paint which received Green Seal Certification.
- Chemicals (tar for re-roofing, re-flooring, and maintenance repair work).
- Cleaners

Where to use

- Simply spray diluted BON into the air, apply directly to the odor source or add to chemicals and paints. Customized fogging equipment is available for small, medium or large projects.
- BON can also be mixed with most cleaning solutions.
